FALL COMMITTEE SUBMITS MEXICAN REPORT

BUBONIC PLAGUE IS EPIDEMIC AT VERA CRUZ; CITY PLACED UNDER QUARANTINE

Mexican Port Visited by Dread
Scourge, With Seven
New Cases.

PRESIDENT DE LA HUERTA ARRIVES AT CAPITAL

Is Warmly Welcomed at Station
by Generals and Large
Crowd.

(International News Service.)
MEXICO CITY, May 31.—The bu-
bonic plague has broken out at Vera
Cruz. A dispatch from the Vera
Cruz authorities to the ministry of
public health today said that seven
new cases were reported on Sunday.
The majority of the cases have so far
proved fatal. The ministry of pub-
lic health has summoned a conference
of physicians to discuss the situation
and take steps to prevent a spread of
the plague. A strict quarantine has
been ordered at Vera Cruz. Passen-
ger trains are stopped several miles
outside of the city and the passengers
not allowed to enter until they have
been examined by a physician.
Provisional President de la Huerta
has arrived to take the oath of of-
fice. He was welcomed at the Colon-
ia station by Gen. Obregon, Gen. Cal-
les, Gen. Hill and a crowd of several
thousand persons.
"My first action will be to confer
with the members of congress on the
actual situation throughout the coun-
try," said the provisional president.
"I shall do everything possible to re-
store order, to strengthen the govern-
ment and bring about peace every-
where."

WASHINGTON, May 31.—Interven-
tion in Mexico by the United
States as it intervened in Cuba
is proposed by an exhaustive report
of Mexican affairs reported to the
senate this afternoon by Senator
Lodge, the republican leader.

FALL COMMITTEE REPORTS

(International News Service.)
WASHINGTON, May 31.—Absolute
protection of American lives and
property rights in Mexico as an iron-
clad condition of recognition by the U.
States of the new provisional Mexi-
can government and of de la Huerta
as president of Mexico, is demanded
in an exhaustive report submitted to
the senate foreign relations commit-
tee today by Senator Fall, republican
of New Mexico, as chairman of the
senate committee which for many
weeks has been investigating Mexican
affairs.

The report provides that if the
United States recognizes any Mexican
government upon the conditions speci-
fied, that this government shall then
lend "not only moral support but
financial aid without stint."

The report suggests a national loan
to Mexico by the United States.

The demand is made by the com-
mittee that "none of the provisions of
the Mexican constitution, with refer-
ence to limitation upon right of prop-
erty retrofere acquired by Ameri-
cans or which shall hereafter be ac-
quired shall apply to Americans ex-
cept where the limitation is written
in the deed, lease or other instrument
of title, particularly the provision
that the sub-soil products, other than
metalliferous minerals, shall be the
property of the national government
of Mexico."

The Fall report was approved by
the senate foreign relations commit-
tee and reported to the senate by Sen-
ator Lodge, its chairman, with the
recommendation that the senate act
favorably on it.

The Fall report estimates the Ameri-
can losses in Mexico at \$505,002-
434. The report suggests that if this
government recognizes a new Mexican
government that it aid in establishing
a Mexican army which shall disarm
all other military factions. The re-
port gives 785 as the total of Ameri-
cans killed, wounded or outraged in
Mexico or on the Mexican border
within the past ten years.

PRESIDENT DISPOSES OF THE PLATFORM QUESTION

Homer Cummings Says that Democrats Will En-
dorse Ratification Peace Treaty.

(International News Service.)
WASHINGTON, May 31.—Presi-
dent Wilson today "practically dis-
posed of the platform problem for the
democratic party."

Homer Cummings, chairman of the
democratic national committee, made
this ascertain after two hour's confer-
ence with the President.

President Wilson's endorsement of
the democratic platform adopted by
the Virginia state convention, provid-
ing for ratification of the peace treaty
without reservations, has disposed of
the platform question, Cummings
said.

CIVIL SERVICE EXAM.

BE HELD JUNE 26

WILL FILL VACANCY AT DAN-
VILLE AND OTHERS THAT
MAY OCCUR

The United States Civil Service
Commission has announced an exam-
ination for the County of Morgan
Alabama, to be held at Decatur, on
June 26, 1920 to fill the position of
rural carrier at Danville and vacan-
cies that may later occur on rural
routes from other post offices in the
above-mentioned county. The exami-
nation will be open only to citizens
who are actually domiciled in the
territory of a post office in the coun-
ty and who meet the other require-
ments set forth in Form No. 1977.
Both men and women, if qualified,
may enter this examination, but ap-
pointing officers have the legal right
to specify the sex desired in request-
ing certification of eligibles. Women
will not be considered for rural car-
rier appointment unless they are the
widows of U. S. soldiers, sailors, or
marines, or the wives of U. S. sol-
diers, sailors, or marines who are phy-
sically disqualified for examination
by reason of injuries received in the
line of military duty. Form No. 1977
and application blanks may be ob-
tained from the offices mentioned
above or from the United States Civil
Service Commission at Washington,
D. C. Applications should be for-
warded to the Commission at Wash-
ington at the earliest practicable date.

ARMENIAN VOTE TAKEN TUESDAY

(International News Service.)
WASHINGTON, May 31.—A vote
at 4 o'clock tomorrow afternoon on
the senate resolution refusing Presi-
dent Wilson's request that the United
States assume a mandate over Arme-
nia was agreed to by unanimous con-
sent by the senate today at the re-
quest of Senator Lodge.

Clerks Out On Sympathy Strike

(International News Service.)
MONTGOMERY, May 31.—To
show their sympathy for the striking
clerks of the Central of Georgia rail-
road, about 150 clerks of the Atlanta
and West point railroad and Western
Railway of Alabama walked out this
morning.

PIG FOUND SWIMMING THREE MILES OFF SHORE

(International News Service.)
NEW YORK, May 31.—A small
white pig was found swimming across
the Atlantic by Charles and Freder-
ick Petersen, of Tottenville, S. I.,
while fishing three miles off shore
from Keyport, N. J. They were drift-
ing in their motorboat when Charles
glanced something swimming near-
by. The brothers agreed it was a sea
turtle and decided to capture it.

One of the brothers boarded the
dingy, overtook the swimmer and
brought him aboard. It was a young
pig weighing thirty pounds, name
and address unknown. They carried
him back to Tottenville and intend to
make a hog of the derelict. It is
thought the shoat fell from a steamer.

THIRTEEN LOCAL CANDIDATES PLAN TO CROSS SANDS TO TEMPLE OASIS

Tuesday Night at
Birmingham.

PARTY ATTENDS BIG NASHVILLE MEETING

Two Hundred Candidates Were
Received Into the Shrine
Saturday Night.

Thirteen candidates for the Shrine
will go to Birmingham from the Twin
Cities Tuesday to attend the cere-
monial of Zamorah Temple and to cross
the hot sands to the temple oasis.

The ceremonial Tuesday will be one
of the largest in the history of the
order, reports from Birmingham
state. A large class is ready to tread
the hot sands and the committees are
completing their preparations for the
event.

The local candidates are: R. C.
Gardner, J. S. Wyatt, T. C. Almon, S.
L. Kitchens, V. L. Hendricks, Aaron
L. Handley, Alan Higdon, John Davis,
Gilbert Crane, W. A. Ellner, Roy
Newson, Kenneth E. Thomas, Edgar
Perryman, Neal Able, W. H. Mitch-
ell.

Saturday night, eight local Shriner
attended a ceremonial at Nash-
ville when 200 candidates were re-
ceived. Those attending the Nash-
ville ceremonial were: Thomas A.
Bowles, W. H. Duncan, R. H. Wol-
cott, Charles Robertson, Pat Brock,
Ed Wolfe, W. H. Pilkington, and T.
F. Fleming.

LEGIONNAIRES AID IN BERGDOLL HUNT

EX-SERVICE MEN ASKED TO
HELP CAPTURE ESCAPED
SLACKER

Members of the American Legion
in Alabama have been requested to
aid in the search for Grover Cleve-
land Bergdoll, millionaire, who escap-
ed last week while serving a term for
draft dodging. The American Leg-
ion Weekly, official organ of the
ex-service men's organization, has of-
fered a reward of \$500 to supplement
the reward of \$3,500 already offered.

Several Arrests During Week-End

Several arrests were made by
the Sheriff's force over the week-
end. J. W. Andrews was arrested
charged with violating the prohibi-
tion laws. Florine Fennell, negro,
was placed under bond on a charge of
carrying a concealed weapon. Jesse
Robertson, negro, was held on bond
on a charge of assault and battery.

Moulton to Meet Albany This Aft.

The lid will be pried off the baseball
season this afternoon, when, weather
permitting, Moulton meets Albany.
The game will be the first appearance
of the local squad, which is made up
largely of old Albany-Decatur and Y.
M. C. A. players.

Lowe Will Hear Non-Jury Cases

Judge W. T. Lowe, of the Morgan
County court, will hear non-jury cases
on the civil docket Thursday and Fri-
day of this week. He will open court
Thursday morning at 9 o'clock, it was
announced.

FORMAL REQUEST TO GOVERNMENT FOR BRIDGE SITE BE MADE TUESDAY

Directors of Company Meet in
Special Session to Frame
the Application.

MOVEMENT PROGRESSES VERY SATISFACTORILY

Highway Plans Stimulate Local
People to Still Greater
Activity.

Directors of the Limestone-Morgan
Bridge company will meet at one
o'clock Tuesday afternoon in the of-
fices of the company on Bank street
to prepare the formal application to
the government for the location of the
bridge across the Tennessee river here.

The call for the director's meeting
was sent out today by W. B. Shack-
elford, cashier of the City National
bank, and secretary-treasurer of the
company.

The bridge movement is progress-
ing very satisfactorily and it is free-
ly predicted here that first shipments
of material will be unloaded on the
river bank in less than 60 days.

The stock committee at work in Al-
bany has mapped out a comprehensive
campaign and is meeting with liberal
response. The action of the state
highway department in pushing the
survey of the new highways has acted
as a great stimulant to the activity
on the bridge project. Work of con-
struction of the Bee Line highway will
be started at the earliest possible
date. Fred J. Crampton, president of
the association, told business men
here recently that the construction of
the highway and bridge would bring
at least 10,000 tourists here annually
the first few years.

NEW OUTLAW STRIKE AT CHICAGO FAILS

ONLY THREE HUNDRED AND
FIFTY MEN RESPOND TO
LEADER'S CALL

(International News Service.)
CHICAGO, May 31.—Efforts of the
leaders of the outlaw switchmen's
strike to bring about another general
walk-out on all railroads entering
Chicago failed today.

The attempt was led by John Gran-
au, leader of the switchmen's strike,
in an effort to force the railroad labor
board to recognize the outlaw
railroad union. It was reported that
only 350 men responded to the strike
call, the only railroads affected being
the Chicago Junction, Alton and Soo
lines.

McDuff Here On Way to the Delta

Gordon McDuff, local baseball star,
who has been guarding the keystone
for Lindale, in the Georgia state lea-
gue, was here for the week-end, en
route to Greenwood, Miss., to play in
the Delta league. "Mac's" new posi-
tion is a much better one.

Sheffield Youth Drowns in River

SHEFFIELD, Ala., May 31.—Fun-
eral services will be held today for

business man, who was drowned in
the Tennessee river Sunday afternoon
while in bathing with a party of
friends.

DIAMONDS REGAIN THEIR POPULARITY IN PARIS

(International News Service.)
PARIS, May 31.—Diamonds have
come into their own again. Their
popularity waned during the last few
years; but now that every profiteer's
wife has ropes of pearls and emer-
alds are the playthings of his joug-
lers, the smartest women are return-
ing to diamonds, cut into huge pen-
dants and earrings.

DOG MEETS DEATH TO WARN 'SHINERS OF OFFICER'S RAID

BONUS BILL NOW BEFORE THE SENATE; RECESS IN SIGHT

(International News Service.)
WASHINGTON, May 31.—Cong-
ress began the last week before dis-
continuing work for the national con-
vention today with a long list of un-
finished business confronting it.

With the army, rivers and harbors,
agricultural, legislative, sundries,
civil service and the District of Col-
umbia appropriation bills in confer-
ence, with the Armenian mandate the
unfinished business in the senate and
with other small questions to be de-
cided, both chambers have a busy
week ahead.

The soldier bonus bill, having pass-
ed the house, will now come before
the senate committee. No action will
be taken in the senate until after
the recess or adjournment taken dur-
ing the national conventions.

The congressional committee on pos-
tal salaries will make its recommenda-
tions before the close of business
next Saturday, according to present
plans.

The Fall committee investigating
the Mexican situation will also report
before the end of the week.

The news print paper investigation,
which was conducted by the Reed sub-
committee of the senate manufactur-
er's committee, is expected to report
early in the week.

The Hale committee, investigating
charges against the navy department
made by Rear Admiral Sims, will not
report until after the recess.

When congress prepares to recess
or adjourn Saturday the proposed
Kendrick-Kenyon packer legislation
bill will be made unfinished business
over the recess or adjournment. The
investigations of the Kenyon election
committee will continue over the na-
tional conventions, its work not be-
ing affected by the recess.

FIVE ARE KILLED IN TRAIN WRECK

TWO FRISCO FLYERS MEET
HEAD-ON NEAR VINITA
OKLAHOMA

(International News Service.)
MUSKOGEE, Okla., May 31.—Five
persons were killed and between 20
and 25 injured when two St. Louis &
San Francisco passenger trains, No.
403 westbound and No. 112 north-
bound, met head-on near Vinita, Okla.,
early today. The engineers of both
trains were killed.

Most of the injured were on the
westbound train. The trains were
scheduled to meet at Vinita. No. 403
was late and through some error in
orders was sent on out of Vinita
when it did not find No. 112 awaiting
it here.

Barnes Buys Big Hotel In Florida

J. Lee Barnes, a former citizen of
Morgan County and well known here,
has purchased the Hotel Huntington,

with Mr. Barnes in the purchase is
his son, Paul B. Barnes. The consid-
eration was \$225,000.

MAN DROPS DEAD WHEN TOLD PRICE POTATOES

(International News Service.)
MINNEAPOLIS, Minn., May 31.—
The high price of potatoes was too
much for the weak heart of F.
E. Lagrave the other day. Lagrave
walked into the city market and in-
quired as to the cost of a bushel of
"spuds." When told the price at
which they were selling, he dropped
dead.

REPUBLICANS MEET TO HEAR CONTESTS; ROAD ROLLER WON'T WORK SAYS HAYS

Preliminaries to National Con-
vention Are Being Staged
at Chicago This Week.

SUFFS PREPARE TO PICKET MEETING

"Black and Tan" Element Will
be Largely Ignored. Negro
Delegates Scarce.

(International News Service.)
CHICAGO, May 31.—Chicago today
became the center of republican na-
tional politics.

One of the most important "high
lights" at the opening of pre-conven-
tion week was an announcement by
Will H. Hays, chairman of the national
committee, to the effect that the
famous G. O. P. "steam roller" would
do no rolling this year.

"I wish emphatically to set at rest
certain reports that the national
chairman is interested in the candi-
dacy of any candidate for the presi-
dency," said the chairman.

Another important announcement
by Mr. Hays was that sessions of the
national committee during the hear-
ing of contests, which opened today,
probably would be open to newspaper
men and to spokesmen for each presi-
dential candidate.

The contests to be heard involved
14 states and 137 votes. A big major-
ity of the contests revolve about
seats allotted to southern states. In
connection with these it was stated
there would be fewer negroes at this
convention than at any previous con-
vention of the republican party, in
line with efforts of the G. O. P. lead-
ers to break the "black and tan" hold
upon the party machinery.

SUFFS ON THE GROUND

(International News Service.)
WASHINGTON, May 31.—The mil-
itant suffragists have completed their
plans to picket the republican con-
vention, and an advance guard of
pickets is today on its way to Chi-
cago.

Alice Paul intends to leave tonight
or tomorrow to direct the activities.

The plan is to have delegations of
suffragists, representing every state
in the union, to form the picket line
and to take part in the other demon-
strations planned, with the aim of
keeping the republican leaders con-
stantly reminded of their duty to fur-
nish another state to ratify the suf-
frage amendment. The suffragists
have given up their fight in Dela-
ware.

Capt. Grafton Returns Monday

Capt. T. E. Grafton, of the Lime-
stone-Morgan Bridge company, who
has been in Rome, Ga., his home,
several days in connection with the
location of a big steel plant there,
is expected to return here this after-
noon.

Memorial Day Is Being Observed

Memorial Day is being observed in
Albany-Decatur today. Both of the
local postoffices and the Louisville

iday hours.

Big Crowds Attend the Olshine Sale

Although thirty-five clerks were
employed they were scarcely able to
wait upon the hundreds of customers
who attended the opening Saturday of
the sale of the Olshine stocks by the
recent purchasers, the Sheffer Salv-
age Company.

The sale is attracting the attention
of many out-of-town buyers and will
continue throughout the month. It is
expected that the entire stock will be
moved by July 1, on which date pos-
session is given to the new owner
of the big department store building.

The story of how a dog's loyalty
to its masters caused it to meet death
to warn alleged operators of a still in
East Morgan of the appearance of
officers was related here today by
Chief Deputy Sheriff McGuthra on his
return from a raid near Cove Springs.
A still of about 80 gallons capacity
was taken but the operators escaped.

Deputy McGuthra reached a point
near the cene of the still about 7
o'clock Sunday morning. He was met
by a canine of vicious appearance.
The dog emitted a series of barks
and appeared to be about to attack the
officer. Unable to stop the dog's
barking nor his advance, the officer
shot the animal to death. Immedi-
ately two men were seen to run from
the mouth of a cave about 100 yards
distant. With that lead they made
their get-away.

The still was found just outside the
mouth of a cave, while approximately
175 gallons of beer were seized inside
the cave.

"It was an ideal scene for a still,"
stated Mr. McGuthra. "The still it-
self was just outside the cave, while
the beer was inside. The whole out-
fit was in a hollow on the edge of
a mountain."

AUTO SPEED KINGS BATTLE FOR HONORS

By GEORGE R. HOLMES,
International News Service Staff
Correspondent.

INDIANAPOLIS, May 31.—The
greatest field of speed demons that
has ever rolled to the starting line in
the classic international 500-mile au-
tomobile race over the two and one-
half mile brick track of the India-
napolis Motor Speedway was ready for
the starting flag here today.

Thirty automobile race champions
of the New and Old World are enter-
ed in the chase for the international
championship and the purse of \$85-
000, the largest yet hung up in motor
competition.

Four nations—France, England,
Italy and the United States—are rep-
resented among the speed stars; the
"Big Four" among the Allies in the
recent world war. In this classic
field three four-car teams, Peugeot,
Monroe and Duesenberg; two three-
car teams, Ballot and Fontenac, and
two two-car teams, Gregoire and Re-
vero, will endeavor to out-game and
out-general each other, in addition to
staving off the assault of the individ-
ual entrants, of which there are six.

France is represented by three
teams aggregating nine members,
Peugeot, Ballot and Gregoire, and
though numerically inferior to the U.
S., is an even bet for first hon-
ors including on her roster of pilots
four former winners: Jules Goux,
1913; Rene Thomas, 1914; Ralph De
Palma, 1915, and Howard Wilcox,
1919.

Youth Put Girl On Street, Charge

(International News Service.)
BIRMINGHAM, May 31.—As a re-
sult of the story told to Bessemer
police officers by Myra Hogue, the 15-
year-old daughter of Mr. and Mrs. F.
G. Hogue, of this city, J. W. Smith,
21 years of age, who claimed Opelika
as his home, has been lodged in jail
in Bessemer.

The girl told Bessemer officers
that Smith took her to that city more
than a week ago. She accuses Smith,
the officers state, of having sent her
out upon the streets, taking the
money she received for herself. The
girl is in the care of the juvenile
court.

Smith is said to have recently mar-
ried. No charge has yet been placed
against him.

A NEW INDUSTRY FOR ALABAMA

Assurance given at the launching of the Mobile City, the third 9,500 ton vessel to be turned out by the Chickasaw Ship Building & Car Company from its Mobile yards, that this new industry has passed the temporary state, marks another milestone in the development of the fabulous resources of Alabama. George Gordon Crawford, president both of the ship building company and the Tennessee Coal, Iron & Railroad Company, announced, just before the new steamer slipped into the water, that the infant industry has come to stay and that it would be enlarged as business increases and justifies.

The plant will have a capacity of twelve 9,500 ton vessels a year and at present employs about 4,500 men. Later on, it will be equipped to turn out vessels of 16,000 tons. It is no mean asset to Mobile from the payroll standpoint alone, but means much more than that both to the Alabama port and the state. Not only will it bring international prestige to the commonwealth but it will also serve as a splendid advertisement of Alabama's resources. Every ship that is built will be fashioned of Alabama steel and of Alabama wood. In fact, practically all the material used will come from the mines or the forests of the state. The world at last is being taught that the South in general and Alabama in particular are something more than a vast cotton field, a section that carries all its eggs in a single basket.

FLORENCE CAUGHT IN ITS OWN TRAP

Because it believes in fair play, the Daily is re-producing today an editorial from the Florence Daily News in which an alibi is offered for the census showing of this new claimant for metropolitan honors. A careful reading of this article will convince the most skeptical that the News has sprung the trigger to the trap which the Daily set.

Compare these two statements from the News' editorial:

"He forgets that Florence has been a thriving and prosperous city for more than an hundred years."

"He didn't know that the city of Wilson Dam houses some 6,000 people and that Nitrate Plant No. 2 has a population on its reservation of more than 4,000."

The first statement convinces us that the population of Florence has increased at the rate of 100 persons per year for a century.

The second statement explains why the population of Florence has increased about 3,500 in the past ten years, or at the ratio of 350 per year. And that explanation is the charge made by the Daily, that Florence has experienced an unusual expansion because it has been "patted on the back by Uncle Sam's paternalistic hand."

It is true that a majority of the government employees at the dam and the plants live outside of Florence. It is equally true that those who engage in trade and who live by exploiting these same workers reside within the corporate limits of Florence. And because they do, Florence has experienced a temporary growth that is most gratifying to the Daily.

The claim that this development is permanent is not substantiated. All the facts in the case, however, go to show that Florence is the power house of the Tennessee valley, and no power house has yet become a metropolis. Proof of this pudding is to visit the power plants on the Coosa—the completed plants from which the workmen have flown—and then to visit Birmingham and other cities that are growing great from the harnessing of that power. Transportation facilities and location must win out in the end. Transportation facilities and location must make the Twin Cities the real metropolis of the Tennessee Valley.

POWER HOUSE IS RIGHT

(Florence News)
"Great is the Tennessee valley—and Florence is its power house"—thus endeth the words of the distinguished editor of the Albany-Decatur

Daily, who sees fit to take issue with the Florence Daily News in regard to its statement that Florence is the metropolis of the Valley of the Tennessee as shown by the figures of the U. S. census recently made public.

Power house is right—not only in potential power generated by the rushing waters of a great river harnessed to do the work of men—but power house too in the resistless strength of its civic organization which has determined to build the metropolis of the Valley of the Tennessee at Florence and which is setting the pace our sister cities find it so hard to follow.

If our friend from Albany had been well informed he would have hesitated to have made some of the statements he made in the editorial, which is reprinted for the benefit of our readers elsewhere on this page.

He compares the growth of Florence to that of some of the mushroom cities of the West and predicts a similar decline for Florence. He forgets that Florence has been a thriving and prosperous city for more than a hundred years—that the reason for Florence is not a nitrate plant or a dam, but that it is the distributing point for one of the richest stretches of agricultural territory—it rests with the men who form the civic organization of this city—and their unquenchable determination is the greatest single asset that any city could have.

Editor Harkreader didn't know that when the census was taken that all of the men who built Nitrate Plant No. 2 had departed. He didn't know that 95 per cent of the employees at Wilson Dam lived at the dam, outside the corporate limits of this city of Florence. He didn't know that the city of Wilson Dam houses some 6,000 people and that Nitrate Plant No. 2 has a population on its reservation of more than 4,000—he must be excused on the ground of ignorance. He didn't know these things.

The people who live in Florence today—and those who lived here when the census was taken are men who work here in the regular everyday industries of the city—not at the dam or the nitrate plant. Just how they could be persuaded to move to Albany after having lived in Florence we cannot see.

And speaking of cities "patted on the back by a paternal government." The government has operated the railroad shops of Albany for some three years and more than quadrupled their payroll by its methods. Whatever growth Albany has shown can be traced back to the expanded payroll of its shops under the guiding hand of our "paternal government."

Florence promises the rest of the Valley of the Tennessee one thing—if they will manage to keep in sight of her dust in the next 10 years this valley will astound the world by its growth.

If you contemplate a race with Florence we suggest that you unite with Decatur at once—take in Fairview and Austinville, Cedar Lake, Flint and Hartselle if possible—you'll need 'em all.

Truly the fittest will survive—watch us grow.

Mixon's Oil Letter

(A series of letters being written by a man who is thoroughly familiar with oil fields, thoroughly familiar with oil investments and who knows the technical side of the oil business. He is acquainted with over eleven hundred oil companies operating in the Texas fields.)

Here are some more specific instances of big money made in Texas Oil. I will cite more in my next letter.

A SOLDIER:
A soldier of Fort Worth, Texas, who was stationed at Camp Bowie, made an investment of \$27, and his investment proved to be one of the luckiest in the entire field inasmuch as within a period of less than sixty days he had made a clear profit of over \$25,000. Details can be had by writing E. H. Bowie, Fort Worth, Texas.

A PREACHER:
An old preacher at the Old Preachers' Home in Palacios, Texas, owned a farm in the Ranger field, and years ago, he gave an acre to the county for a school site. He had a reservation in the deed that the land should revert to him if at any time its use for school purposes was discontinued. The school was moved off some time ago and the Texas Company drilled a well there, believing it was school land, and brought in a big gusher.

News that the acre was his again was imparted to the old preacher. He found that the Texas Company had deposited \$52,000 in the bank in his name as his share of the oil for the first year. Before that he depended on charity for the little spending money necessary for his needs.

A FARMER:
The McCleskys of Ranger, Texas, were poor farmers. Within 12 months' time their estate has grown in value until it is now estimated to be worth over a million dollars. Their income during the month of January was \$6,800, and is at this time much more than that. It is reported that Mr. McClesky had always said that if he were rich he would for one time eat all the peaches of a certain kind that he wanted. He did and he died with indigestion within 36 hours.

Another circumstance reported is as follows:

One farmer after having received over \$100,000 dividends from his interest in wells on his property said to his wife one day that they were then

able to afford anything that they might desire and asked her for a list of the things that she needed.

Her reply was that so far as she knew she would like to have a new set of false teeth for herself and a new handle for the axe.

The people throughout this district are poor people and they seem not to be able to appreciate the value of money and do not know what to do with it.

COLORADO PORTER:

A colored porter, working for Morning Dry Goods Company, at Fort Worth, Texas, bought one share of Hog Creek Company (whose oil lands are located at Desdemona, Texas,) oil stock for \$100. He has been offered \$4,500 for it and has refused it. The stock is now selling for between \$5,000 and \$6,000 per \$100 share.

A TELEGRAPH OPERATOR:

A telegraph operator in a small town invested his little savings of \$500 in "Ranger Oil". He and his family have moved back to Georgia, their old home, and have bought a farm, paying all cash, and he has \$50,000 to his credit at the bank. Name and address can be had from E. H. Bowie, Fort Worth, Texas. S. J. Taylor, formerly a telegraph operator at Fort Worth, Texas, on an investment of \$140 in January, 1918, plus his entire time devoted to "Ranger, Texas, Oil" has within 18 months made a little over \$300,000.

SCHOOL TEACHER:

A school teacher living at Desdemona, Texas, invested less than \$1,000 in "Duke and Desdemona, Texas, oil" and in less than six months' time he is rated as one of the richest men in this wonderful oil center and is classed with the financiers, inasmuch as he has made about a half million dollars. He is looked upon as a man of rare judgment, whereas previously he was looked upon, as not actually a failure, but as one whose advice in financial matters would not do to follow. Name and address with particulars can be had by writing the mayor of Desdemona, Texas.

NEW REMEDY FOR UGLY HUSBANDS

A Calotab at Bedtime With a Swallow of Water.—That's All. No Salts, No Taste, No Danger, Nor the Slightest Unpleasantness.—Wake Up in the Morning Feeling Fine.

When your hubby gets cross, mean, ugly, nasty—a chronic grouch, simply give him one of the nauseous Calotab tablets, the kind that do the work without the slightest unpleasantness. The next morning he will be the kind of husband he promised to be. Honest! I am not joking, it beats anything you ever saw for taking the meanness (bitchiness) out of men and women, too. The next time you feel lazy, mean, blue, headachy or discouraged take a Calotab. One tablet at bedtime, with a swallow of water,—that's all. No taste, no griping, no salts, no sickening after-effects. You wake up in the morning feeling fine, your liver clean, your system purified with a hearty appetite for breakfast. Eat what you please and go about your business—no danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents. We have authorized your druggist to refund the price, if you are not perfectly delighted with Calotabs.—Advertisement.

PURPLE DYE FROM SHELLFISH

Possibility That New Industry May Be Developed, Since the Supply Is Inexhaustible.

On the Pacific coast of Costa Rica, especially in the region about Cocos bay, there abounds a kind of shellfish called the "nucosol," from which a fine purple color is obtained. So far no way has been found for preserving this dye, and the industry has remained in the hands of the few old people who take the trouble to dye a few ounces of thread every summer. The process is very simple. On picking up the shell from the beach or detaching it from a boulder, the gatherer blows her breath into it, whereupon a few drops of a greenish liquor ooze out. This liquor is collected in a clamshell and after a sufficient quantity has been collected the thread is passed through it, soon after assuming, on exposure to the sunlight, a beautiful purple color, which is absolutely fast after it has turned purple. It is thought possible that the dye turns fast only on exposure to the air and that the liquor could be preserved by keeping the air from it. There is little doubt that this industry of dyeing thread could be extended to greater proportions if an extensive demand at good prices could be found for the dyestuff.

General Wood's First Battle.
When Geronimo, the last of the great Apache chieftains, began murdering American women and most hideously torturing American children in New Mexico and Arizona, Leonard Wood, then an army surgeon, exchanging his surgeon's scalpel for a rifle, became one of a famous little company which chased the monster over the sandy and burning plains of the Southwest and northern Mexico, and did not desist until the enemy surrendered. The reports of General Wood and Miles witness to the healthy-minded zeal which Wood manifested toward the barbarians who wreaked their savagery on American women and children; and the fact that Wood received that greatest of all military distinctions for his efficient bravery in this campaign—the medal of congress—is testimony of the same kind.—Burton J. Hendrick in the World's Work.

The present supply of camphor trees will last only ten years at the present rate of depletion.

Sheepskin for Sick.

A sheepskin is of great value to a person who is confined to the bed. Put under the sheet, wool side up, it is delightfully soft and restful for the patient. It is well to have two of them, so that one can be in use while the other is being aired. To keep them soft and fluffy they should be beaten on the back—never on the wool side.

Canada's First Civil Marriage.
The first marriage solemnized in Canada was the marriage of Etienne Couillard and Anne Hebert, at Quebec city in 1677, nine years after the founding of the city by Champlain.

Pyramids of Egypt.
The Egyptian pyramids number 75 in all, and some of them are entirely in ruins. The group of these structures which is most important contains the Great Pyramid, named also Cheops, after an Egyptian king. It is built of about 2,300,000 blocks of stone.

Beaver's Habits Fixed.
A careful study of beaver indicates that their acts, habits and customs are all instinctive, having in no way improved or advanced their original customs since the discovery of the species. They build their dams and lodges, provide their food supply and pursue the same course as they did thousands of years ago.

Compliment for Uncle Dick.
Uncle Dick, a bachelor, friend of children, was a great favorite with his little nieces and nephews, so when the new baby came and papa told them that the stork had left it at their house, Buddy said thoughtfully: "Too bad the stork didn't know where Uncle Dick lives."

Worn Down, Out of Heart

Georgia Lady, Worn-out and Tired, Tells How She Was Helped by Ziron Iron Tonic.

THE personal experience of Mrs. Nannie Phillips, of Powder Springs, Ga., is printed below in her own words:

"I was in a worn-out condition. My stomach was out of order. I didn't sleep well. I was tired all the time. I couldn't half eat, and didn't rest well at night.

"I would get out of heart and blue. I would feel like I was going to be down in bed. Yet I kept dragging around.

"We heard of Ziron, and from what I read, I was sure it wouldn't hurt me, if it didn't help me. But after taking it, I found it really helped me, and I sent back for more. I ate better, felt much stronger. I am sure Ziron is a splendid tonic."

Many people, who are worn down and disheartened, due to stomach disorders and nervous ills, find relief by toning up their blood with Ziron Iron Tonic. Tell your druggist you want to try Ziron on our money-back guarantee.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warnings.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these accumulations that cause unlimited

trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 105 Swift Laboratory, Atlanta, Ga.

IS YOUR FURNACE READY

for the cold days and nights sure to come this winter? Let us look it over and make it right for you. Perhaps you need new piping or other sheet metal repairs around your furnace. We also repair your Range Cooking or Heating stove or anything in sheet metal.

LOCAL ARTIST WINS HIGH HONORS

Miss Helen Higdon is expected to arrive this afternoon from Washington, to spend her vacation in Albany. Miss Higdon has just completed a very successful term at the Corcoran School of Art, having been accorded the high honor of having pictures in water color and antique hung in the exhibit in line with artists who have achieved national reputation. Miss Higdon's friends at home will watch with interest her progress in her chosen line of portrait painting.

PICNIC AT ANTIOCH

Miss Eloise Simpson, the house guest of Mrs. C. W. Gover, was the guest of honor at a picnic supper last evening at Antioch. Those enjoying the spread were Miss Simpson, Ponsonby Kyle, Miss Carr of Florence, Wilmer Hall, Miss Mary Harvey, Curtis Gover, Mr. and Mrs. Wallace Gover, Mr. and Mrs. E. N. Penick, Miss Mary Penick and Mrs. C. W. Gover.

Asa Rountree, Jr., who attended the sessions of the Alabama Press Association at Sheffield, was the guest of relatives here Sunday en route to his home in Birmingham.

BRIDE ELECT HONORED

Miss Leta Bess Harrison, a June bride, was the inspiration for a pretty gift luncheon, when Mrs. B. B. Pickens and Miss Marjorie Miller were hostesses on Saturday in compliment to her. For this occasion the entire apartment was decorated in roses, gift flowers.

Dorothy Perkins roses were banked in the fire place, on the piano, and in baskets with huge pink tulle bows in the windows. Miss Eleanor Harrison received the guests at the foot of the stairs and directed them to the apartment where they were welcomed by Mrs. B. B. Pickens and Mrs. T. V. Harrison.

Covers were laid for fourteen at a prettily appointed table centered with a crystal vase of pink roses. After luncheon little Marjorie Davis, in pink organdie, showered the honoree with dainty gifts. Miss Harrison was lovely in an orchid organdie gown and hat. Miss Miller received her guests in white georgette, and Mrs. Pickens in black lace and net. Mrs. T. V. Harrison wore canary georgette with accessories to match. Mrs. James Allen Fuller of Huntsville, Miss Miller's house guest, was attractive in dark blue satin.

The guest list included Misses Leta Bess Harrison, Gertrude Johnson, Marjorie Raney, Alice Hatton, Mary Penick, Eleanor Harrison, Mesdames Roy Billings, Charles Kortrecht, T. H. Alexander, James Allen Fuller, LeRoy McEntire, Wallace Carson and Garner Pride.

Misses Georgia Will Smith, Hester and Gene Gray, of Paris, Tenn., arrived yesterday for an extended visit to friends and relatives in Albany.

YOUNG FOLKS DANCE

To welcome the college girls and boys back home, Miss Jean Buchanan entertained at the Buchanan home Saturday evening. The living rooms, thrown open for the guests were attractively decorated in Dorothy Perkins roses.

Music and dancing were features of amusement. The hostess served punch to the guests on their arrival, and, at a late hour an ice course was enjoyed.

Those included in the hospitality were: Misses Jane Knight, Erin Draper, Vera Smith, Sara Humphrey, Frances Beason, Lola Nichols, Daphne Graves, Florence Young, Willie Piest Price, Eleanor Harrison, Bessie Cobb, Christine Davidson, Jean Buchanan, Christine Simrell, Madeline Troup, Ponsonby Kyle, Olan Harrison, Dunlap Alexander, Joe Bell, Lawson Draper, Mac Adams, Roy Buchanan, Gene Collier, Owen Watson, Gill Draper, Warren Gardiner, Carl Goodman, Sanders Cortner, Glenn Harvey, Bill Foster, Earl Hamilton, and Frank McGee.

Mr. and Mrs. E. L. Woods spent Sunday in Lawrence county.

Miss Louis Nelson is visiting friends and relatives in Hartselle this week.

Mr. and Mrs. Charlie Riggs, of Hartselle, spent the week-end, the guests of Mr. and Mrs. E. H. Nelson of Decatur.

Mrs. Martie McEntire has returned from Nashville, where she has been the guest of relatives.

Miss Sarah Davis returned to Birmingham this morning, after spending a week with home folks.

Miss Otis Carlisle, who has been the guest of her aunt, Mrs. S. S. Broadus for the past week, leaves tonight for her home in Birmingham.

Miss Caroline Cartwright plans to leave this week for Greenville, S. C. to be the guest of relatives and friends.

Misses Elizabeth and Essie Warren are occupying rooms with Mr. and Mrs. C. W. Matthews on Jackson Street.

Miss Eloise Simpson, enroute home from Brenau College, of Gainesville, Ga., is the guest of her aunt, Mrs. C. W. Gover.

Miss Charlotte Broadus returned home, after a delightful visit to Mrs. D. F. Green of Montgomery.

Mizpah Chapter, Order of the Eastern Star, will meet Tuesday evening, at 8 o'clock.

Mrs. Bentley Hendly will arrive this afternoon from Florida and will be the guest of Mr. and Mrs. Robert T. Sheppard.

M. E. Woodward has returned from Red Boiling Springs, Tenn., where he went for his health, which is only slightly improved.

T. H. Alexander left this morning for a ten days' visit to relatives in Boyles, Miss.

John Davis has returned from a business trip to Memphis.

Local showers are predicted for this week in the following forecast issued by the government: "Occasional local showers are indicated, although the weather will be generally fair the first half of the week in the South Atlantic States. Seasonable temperatures will prevail."

MR. IRVIN HAMLET DECLARES DRECO DID MUCH GOOD

Well known Engineer at the Huntsville Ice and Coal Co., praises the new remedy, which overcame his troubles.

Gas in his stomach, constipation, backache and nervousness relieved.

"I heartily recommend the new remedy, Dreco, for what it has done for me, for I'm a great deal better than I was ten days ago, when I started ill," declared Mr. Irvin Hamlet, the well known citizen of 319 E. Holmes St., Huntsville.

"Stomach trouble was undoubtedly the cause of my suffering. I suffered all the pains of indigestion after every meal. I also was constipated and had bad dizzy spells. I couldn't sleep at night, and was very nervous. Of course, I became greatly rundown and things looked black for me, but I heard so many people speak highly of the new herb medicine, Dreco, and I saw so much about it in the newspapers that I decided to give it a trial. I took just one bottle of Dreco, and it did wonders for me; I have never seen its equal. One dose of it buoyed me up wonderfully. I am taking it right along, and am simply getting along fine now. You can add my recommendation to the hundreds of others.

Dreco has time and time again proved its worth in all human ailments, which had their inception in the digestive tract. It seems to be just the right thing for such ailments as indigestion, gastritis, dyspepsia, biliousness, constipation, sleeplessness, headaches, rheumatism and similar ills. Dreco is not a new-fangled patent medicine. It is simply a combination of roots and herbs put up according to an old-fashioned recipe in a modern, scientific way. It contains no dangerous mineral salts or acids, and is safe and sure in its action.

All good druggists now sell Dreco and it is highly recommended in Albany by Albany Drug Co.; in Decatur by Hilda Drug Co.—Advertisement.

INSURANCE MAN IS MUCH ENTHUSED

Feels Fine After Taking Pomeroy's Puratone—Gains Ten Pounds Quickly

"I gained ten pounds on my first bottle of Pomeroy's Puratone," said H. S. Vaughn, residing at 3903 Park Avenue, Nashville, a well known representative for the Cotton States Life Insurance Co.

"I hadn't enjoyed good health for four years," continued Mr. Vaughn. "I suffered with stomach trouble, liver complaint, constipation, nervousness, weakness and a general run-down condition. Nothing I ate agreed with me and I was troubled a lot with headaches and dizzy spells. My stomach was sour and I was continually spitting up undigested food. I couldn't walk hardly any distance without giving out. I seemed to be losing weight and strength every day.

"Pomeroy's Puratone has just about made a brand new man of me. I have a fine appetite now, and can eat three hearty meals every day without suffering any afterwards. I feel like I have a new stomach. I can sleep all night long and get up in the morning feeling just fine. I never have a headache now or dizzy spell—in fact, all the disagreeable symptoms have disappeared. My digestion is perfect, and as I said before I have gained ten pounds and my strength has been wonderfully increased. Pomeroy's Puratone is the greatest medicine on earth, I believe."

Puratone is sold in Albany by Preuit-Dillehay Drug Company; in Somerville by W. T. Ransom; in Decatur by Decatur Drug Company; in Falkville by Owl Drug Company; in Flint by W. E. Baldwin and by one leading druggist in every town.—Advertisement.

Big Dish for Birds.
Hundreds of embryo caterpillars are destroyed at a single swallow by the nuthatches and chickadees hunting about the branches during winter, says the American Forestry Magazine of Washington, and even the crows have been known to eat the little varnished packets of eggs.

Crusoe's Umbrella.
Defoe, it will be remembered, makes Robinson Crusoe describe that he had seen umbrellas employed in the Brazils and that he had constructed his own umbrella in imitation of them. "I covered it with skins," he said, "the hair outward, so that it cast off the rain like a pent house and kept off the sun so effectually that I could walk out in the hottest weather with greater advantage than I could before in the coldest."

Was "Withdrawing Room."
"The drawing room" is a contraction of withdrawing room. It was originally known by the latter name, and in the days of the Vikings, it was customary for the ladies to withdraw from the dining room, leaving their husbands to their drinks, while they went into the "withdrawing room."
